

Bailee, age 13

Lent Week 6

“The Oaks Indian Mission, by God’s grace, partnering with Christian communities and tribal nations, prepares Native children to lead and serve.”

A longstanding and continuous ministry for Native American children since 1801, the Mission is a child care facility, in the heart of the Cherokee Nation in Oklahoma. From its beginning, with Lutheran Missions and still to this day within the ELCA, the very heartbeat of the Mission is to provide stability, safety, love and care that every child deserves and needs.

Meet Bailee. Bailee came to the Mission at the beginning of the school year, along with her sister. To keep from getting in trouble and to get a sense of safety and stability, the girls now call Oaks their home. Bailee is in the seventh grade and recently went to her very first dance where she had tons of fun, surrounded by friends. You can be sure that if Bailee is around, there will be laughs and smiles for all.

Your Lenten offering will make a difference for Bailee and other children like her. Please consider making your offering gift today or visit us online at oaksindianmission.org/donate.

Thank you and God bless you!
